|                | LSD (.05) |          | 0.41         |      |         |
|                | CV%       |          | 8.32         |      |         |

*Experimental varieties not currently marketed.
†Entered twice in trial - yield and quality results shown are an average of the two outcomes.

CV = coefficient of variation
LSD = least significant difference
